

GREAT BRITAIN IN THE PEOPLE'S HEAD OF THE SCHOOL

📌 On October 17th, we did a survey on Great Britain and Spain. We asked questions to the head teacher, Mrs Fouillard, and other people such as Mrs Bruneau, Mrs Pastourel and John. They were interviewed about the stereotypes.

→ *Dans cet article nous allons vous parler du sondage que nous avons réalisé auprès de quelques personnes du collège, sur différents sujets concernant l'Espagne et la Grande Bretagne, afin de connaître leur avis.*

📌 We asked questions about different categories. First, people think that the weather is often rainy, cloudy and rarely sunny. Secondly, they think of famous monuments in London like Big Ben and Tower Bridge. For them, the typical British man is not too tall and very chic (he wears a tuxedo). Famous meals are bacon and eggs, pies and marmalade. To finish, we asked them 3 words about England and they answered: The Queen, Lady Diana, the Brexit, protestants, black cabs, fashion and the guards of Buckingham Palace.

→ *Suite aux questions que nous avons posées, ce qui est principalement ressorti est que le temps est pluvieux, les plats les plus populaires sont la tourte, les œufs et la marmelade. Les monuments sont Big Ben, Tower Bridge et Oxford. On pense que les anglais sont plutôt classe et petits. Si on leur demande d'évoquer 3 mots caractérisant la Grande Bretagne, ils nous parlent de la Reine, des gardes de Buckingham, de Lady Diana et du Brexit.*

📌 **NO**, the English people are not just punks, drinkers of tea and beer with old fashioned clothes. **NO**, they don't only eat fish and chips and bacon and eggs while listening to the Beatles. **NO**, it's not always raining all the time.

So, come and discover our exhibition about Great Britain!
